CHELSEA TEE TIME POINTS EXPLAINED

As a member, you receive points each time you placed on the tee sheet and when you play. If you add a guest in a member time you also receive points each guest placed on the tee sheet and when they play. If you call the ProShop to book into a guest tee time with an equal or greater number of guests, you are not charged placement points, just day of play points.

REQUESTS : When making a request, Chelsea takes into consideration your points and your partners points from a rolling 30-day aggregate. What does this mean? The total number of points for you and your playing partners (requests and play – see below) determines whether your request for a tee time gets placed or put onto ‘overflow’ three days prior to day of play. Guests are assigned the same points as their sponsoring member to calculate the team’s total points. The more playing points your team has, the less chance you have of getting a tee time that may be requested by another team with less points. If you receive an ‘overflow’ email, login to the Chelsea after 10:00 a.m. to review and BOOK any remaining member tee times.

POINTS: Every member will receive the following Chelsea points:

Tee Sheet Placement 1 point
Day of Play 1 point
League Play 2 points

Guest of Member Placement 1 point
Guest of Member Day of Play 1 point
No Shows 2 points

CHANGES TO PLACEMENTS: We do not allow members to edit requests once they have been placed on the tee sheet. If you need to delete someone who has been placed, please call the Pro Shop and speak to a manager who can remove someone from the tee sheet.

If it is determined that the request system was used not in accordance with its intention to ensure a tee time for any member, as member may be assessed extra points/greens fees.
